

"FRUIT-A-TIVES" "MADE IN U.S.A."

This Wonderful Fruit Medicine Placed On Sale In New England In Response to Steadily Increasing Demand.

Stupendous Success in Canada and England.

At last, you and thousands of other sick and ailing people are able to buy this marvellous fruit medicine, right in your home town, free of duty, at the same price at which "Fruit-a-tives" is sold in Canada.

"FRUIT-A-TIVES" came to the United States in response to a great public demand.

For several years, the people in this country have been using this remedy in steadily increasing quantities. Every day, dozens of letters were received at Ottawa from sufferers in the United States, enclosing the regular retail price for a supply of "Fruit-a-tives". Because of the custom laws, these friends of "Fruit-a-tives" were paying duty on every box. Yet they were content to do this because they were unable to obtain anything else in this country that helped them so much.

"FRUIT-A-TIVES" is the discovery of an English physician and it is the only medicine in the world made from the juices of apples, oranges, figs and pines—combined with valuable tonics and antiseptics. It has proved its value in Indigestion, Dyspepsia, Constipation, Kidney and Bladder Troubles, Rheumatism, Sciatica and Lumbago, Headaches and Neuralgia, and all troubles arising from impaired condition of the Stomach, Liver, Bowels or Skin.

These tablets may now be had from all dealers at 50c. a box, 6 for \$2.50, trial size, 25c., or they will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ogdensburg, New York.

THE PRICE OF THE "PUSH"

England Paying \$10,000,000
Daily to the United States

HIGH INTEREST SEVERELY CRITICISED

Must Make Sure of Raising Money or Lack Needed Supplies

London, Oct. 21.—Reginald McKenna, chancellor of the exchequer, replying in the House of Commons to criticisms of the high rate of interest payable on the new treasury bonds and the objection raised that this would lead to their being largely held abroad, said:

"That is the very thing we desire. It must be remembered that we have had to pay a very considerable amount day by day in the United States. At present we have to find \$10,000,000 a day for every working day. That means a prodigious amount to find every six days."

Mr. McKenna prefaced his statement regarding the large amount being spent in America by a defence of his action in paying a high rate of interest upon treasury bonds.

"It is not possible," he said, "to apply pre-war standards and to say that five per cent is enough, or that we could get it more cheaply. Very likely it could be done if we only wanted a little or even the equivalent of the greatest sum ever raised before the war. It should be remembered, however, we have to raise a maximum sum about once a month, and it is only possible to find out by the daily examination of the results of borrowings and payments whether we are successful in meeting our obligations. In order to meet all expenses and to keep our undertakings with our allies I have to make sure of getting money."

PUSHING OUT AMERICANS.

Democratic Policy in Philippines is Described.

Mohank Lake, N. Y., Oct. 21.—John L. Potter, who recently returned from the Philippines, where for eleven years he was chief clerk in the bureau of education yesterday declared before the Lake Mohank conference that American employees in the island are being forced out by Democratic rule, or are resigning.

Governor General Harrison and Vice Governor Martin, he said, are sincerely carrying out orders from Washington, and Mr. Martin at least, he added, is openly in favor of getting Americans out of the islands as soon as and as completely as possible. The Philippine government, Mr. Potter declared, has passed a "polite invitation" to get out by granting a year's salary to Americans who apply for withdrawal, an invitation that is being generally accepted because Americans there, either in government employ or in business, feel that if they are not allowed to remain permanently now is the time to leave.

Samuel E. Hilleb of Cincinnati also criticised the administration, alleging the weakening of the Philippines bureau of science by withdrawing American scientists and he deprecated "making the welfare of the Philippines dependent on the caprice of a political party." Mr. Hilleb was answered by Norbert Lyons of Manila, who defended local government by the Filipinos and compared it favorably with state administration in this country.

J. W. Beardsley, chief engineer of irrigation in Porto Rico and Henry L. Dooley, a merchant of San Juan, contend that justice to Porto Rico demands the passage of Congress of pending legislation granting citizenship to the people of the island.

Thursday night Major General Wood said that American rule, in the Philippines had been one of the finest pieces of uplift work ever attempted.

AMUSEMENT NOTES.

"The Blue Paradise" is a Famous Viennese Operetta.

"The Blue Paradise," Messrs. Schubert's production of the internationally famous Viennese operetta which ran all of last season at the Casino theatre, New York, comes to the opera house next Tuesday, October 24.

There are three acts, the first showing "Blue Paradise" in Vienna. Rudolph Stoecker, a wealthy young fellow about town is being sent to America to enter business. In Chicago. The first scene takes place in the eye of his departure and on this occasion he learns for the first time that Mizzi, the pretty little flower girl at the inn really loves him. The parting must come, however, and Rudolph, after promising to write leaves Mizzi heartbroken.

Twenty-four years later Rudolph returns to Vienna-Americanized, but still in love with the girl of his memories. Justus, one of his friends, unknown to Rudolph, has married Mizzi, and has bought the old Blue Paradise for his own house. Justus, who is henpecked, has a daughter Gaby, the image of her mother of childhood days, who, strange to say, has fallen in love with Rudolph's nephew, Rudy. Rudolph is being pursued by his partner's widow, Mrs. Gladys Wynne. Rudolph wishes to see the old Blue Paradise again, to dream of his Mizzi and the days gone by. He does not know that the place belongs to Justus, but his friends keep him in ignorance and arrange to welcome him in the old place and, in the old style.

The last scene is in "The Blue Paradise" inn. Mizzi is away, but Rudolph sees her daughter, Gaby, and for a moment thinks she is his old love. Then he learns the truth and decides to leave Vienna never to return again—adv.

FINED \$500 FOR "AIDING ENEMY."

News in Letter to New York Was Wire-lesseed to Berlin.

London, Oct. 21.—Joseph King, member of the British Parliament, appeared yesterday in Bow street police court, charged with violating the defense of the realm act by unlawfully transmitting military information.

King, the crown charged, sent to the United States a report that German aeroplanes had destroyed a huge quantity of ammunition belonging to the ally, valued at \$25,000,000. This information was alleged to have been contained in a letter King wrote to George Rappelbach of 35 West 39th street, New York, and which subsequently was published in the New York Times of Sept. 3.

Prosecutor Bodkin declared that though the report was exaggerated, it was wirelesseed to Germany on Sept. 9 from the United States and then re-wirelesseed from Berlin throughout the world.

The defense produced a letter written by King to War Secretary Lloyd George, expressing regret that he had written the communication complained of.

He was released with a \$500 fine.

AWFUL PAIN FROM RINGWORM ON FACE

Then On Head, Itched Terribly, Very Large, Skin Sore and Inflamed, Had Wet Scales on It.

HEALED BY CUTICURA SOAP AND OINTMENT

"I felt pimples coming out on my face, then on my head, and I began to scratch them for they itched terribly. The pimples were large and red and after a while they festered and seemed to run together like one great ball and then I knew it was ringworm. The ringworm was very large and the skin was sore and inflamed and had wet scales on it. I felt awful pain and I lost a great deal of sleep."

"I used a number of remedies. Then my hair began to fall out. A friend told me about Cuticura Soap and Ointment and I got them as soon as possible. They stopped the itching and falling out of my hair and I only used four cakes of Cuticura Soap and four boxes of Cuticura Ointment and I was healed." (Signed) Miss Ella Roy, Westport, Conn., Oct. 8, 1915.
